

Welcome to the Newly Renovated Laboratory

Ensuring Safety, Empowering Excellence

These upgraded facilities aim to create an efficient and safe environment that aligns with the University's commitment to excellence in teaching and research.

The Health, Safety and Environment Office (HSEO) collaborates with the University community to ensure a safe, healthy and environmentally responsible campus. Your safety and well-being remain our highest priorities.

Our Services

HSEO provides a range of support to help you work safely in the laboratory:

- Safety Consultation
- Safety Training
- Hazardous Waste Collection
- Centre of Laboratory Supplies
- Occupational Health Assessment and Medical Surveillance Enrollment
